DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 1, 5 and 6 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 5 and 6 are rejected under 35 U.S.C. 102(b) as being anticipated by Gellmann (3,121,235).

Gellmann discloses a shower arrangement comprising a hollow wall bar (10) running parallel to a wall surface and configured for fixing a hand shower having a sliding holder, along the hollow wall bar, wherein the hollow wall bar is connectable at one end of the hollow wall bar via a water carrying wall connection (12) to a wall water supply, and wherein the hollow wall bar comprises at the other end of the hollow wall bar at least one shower coupling (63) such that the shower coupling is supplied with water through the hollow wall bar. The arrangement further comprises a hand shower (68) attached via a shower hose (62) to the shower coupling. The arrangement further comprises at least one adjustable shower (56 or 58) supplied with water through the hollow wall bar.
